## **INTERIM PERFORMANCE REPORT FOR THE PERIOD JANUARY – SEPTEMBER 2022**

### **Overview**

We are hereby presenting our results for the nine months of 2022. The report presents the consolidated performance of Arena Hospitality Group d.d ('AHG' or the 'Company') and its subsidiaries (the 'Group') in all countries of operation including Croatia, Germany, Hungary, Serbia and Austria, and unconsolidated performance in Croatia.

### ***Record performance, driven by strong summer season***

We are pleased to report outstanding results for the third quarter ending 30<sup>th</sup> September 2022. We were looking forward to a strong summer season and our inaugural season for the new Grand Hotel Brioni and we subsequently delivered our best results in the history of our Group. This is a testament to our focus and resilience in delivering on our core values. We consistently deliver an exceptional guest experience, update product quality through continued investment in our portfolio, transform market demand to yield more revenue and create long term value for the shareholders.

With the recovery of the travel industry across many European markets continuing to gain traction, the group's year to date performance surpassed 2019 levels with a meaningful acceleration in overall growth in revenue of 7% and EBITDA of 10% when compared to the same period in 2019. Versus last year, the group's year to date revenue at HRK 739.6 million grew 78% and EBITDA at HRK 274.6 million grew 69%.

This growth over 2019 and an exceptional increase over last year now also marks a recovery of the business on the whole, especially in Croatia where the year-to-date revenue exceeded 18% and EBITDA exceeded 22% over 2019.

The first nine months' performance was particularly supported by strong third quarter (July – September) results, where the total revenue exceeded our 2019 third quarter performance by 21% and EBITDA by 22%. It is also worth noting that this was a record high revenue and EBITDA for a quarter in the history of the group. RevPAR improved significantly driven by strong occupancy and an impressive rate gain across all customer segments.

That said the Group experienced an increasingly optimistic and notable performance in period July – September 2022, whereby its RevPAR and total revenue surpassed Q3 2019. This encouraging performance was supported by 32% RevPAR growth in Croatia owing to a strong rate growth across its Hotels, Campsites and Apartment Resorts. On the other hand, the German region continued with its recovery with a 9% RevPAR growth and 4% revenue growth versus period July – September 2019. This marks a positive recovery of the Group's city portfolio business. In September the German hotels achieved an occupancy of 77% and an ADR of EUR 167.3 which is 26.5% above 2019 ADR and were supported by a strong performance of the fairs and events segment.

### ***Foundations for future growth***

Arena's clear strategy over the years has seen us emerge stronger and more resilient after the pandemic. The Group's recent investments in Arena Verudela Beach resort, the Arena Grand Kazela campsite and Arena Stoja campsite (phase one), have allowed for a repositioning of these properties and their new upscale market positioning has resulted in a strong growth in average daily rates. Their combined revenues grew 46% over 2019 thus resulting in a strong return on our investment.

Arena One 99 Glamping continued its upward growth trajectory, with the campsite achieving its best performance ever with a revenue growth of 31% over 2019.

These results further support Arena's vision of continually investing and repositioning its existing portfolio driving organic growth.

HOSPITALITY GROUP

Grand Hotel Brioni, A Radisson Collection Hotel, performed in line with our initial expectations after the hotel's soft launch in May 2022. This being its first partial year of operation, the hotel has been positioned at the high-end scale and has achieved very strong average daily rates in excess of HRK 2.600 per night.

art'otel budapest is performing per expectations since it opened in June 2022 after a successful completion of its phase one repositioning. The hotel's extensive redesign and refurbishment of its guest public areas has been well received by its customers.

The investment in Arena Franz Ferdinand in Nassfeld Austria, is progressing to plan and we aim to complete the works prior to start of the winter season in December 2022. This phase of investment will result in a fully air-conditioned hotel and a newly created wellness facility with an indoor and outdoor swimming pool.

The group remains exposed to the prevailing Europe-wide high inflation, which is adversely impacting cost of acquiring goods and services. The forecasted profitability for the coming months is affected by the increasing operating cost, utilities and payroll. The group is working on numerous initiatives to conserve energy across its operations and also planning to invest in solar energy with a view to offset energy costs.

The Group launched its second Treasury Share Buyback Programme with the intention to purchase up to 100.000 of its shares. This programme was launched on 15 September 2022 and will last until 15 September 2024. The programme marks a continuation of the Management's effort to enhance its shareholders' value and is aimed, among other things, to boost liquidity in the shares.

- Successful ramp up of campsites in Croatia after renovation, especially Arena Grand Kažela Campsites and Arena One 99 Glamping, delivering strong average rate growth through repositioned product offering.
- Change to the business segment mix with higher proportion of revenue contribution from campsites in Croatia, which generated 38% of total revenue in 9 months of 2022, compared to 34% in same period 2019. - German region shows continuation of accelerating recovery trends, with 251% total revenue growth year on year and overpassing for 4% total revenue performed in Q3 2019. In September the German hotels achieved an occupancy of 77% and an ADR of EUR 167.3 which is 26.5% above 2019 ADR.

## CONSOLIDATED RESULTS

Reported revenue increased significantly to HRK 739.6 million (nine months of 2021: HRK 414.9 million). Accommodation revenue experienced a strong growth to HRK 620.3 million compared to last year (nine months of 2021: HRK 352.5 million) as a result of both, improved occupancy by 1,038.1 bps, more accommodation sold for 41.6% and higher average daily rates by 24.5% which amounted to HRK 732.7 (nine months of 2021: HRK 588.4).

EBITDA was positive amounting to HRK 274.6 million (2021: HRK 162.5 million), mainly due to outstanding performance in revenues in all our operating regions and RevPAR reaching 60.9% over last year.

## CROATIA

Since the Group's half year results announcement on 28 July 2022, trading at its Croatian operations during Q3 has exceeded the Management Board's expectations, with the aggregate revenue during this key demand period overpassing revenue generated in the same period in 2019 for 24%.

During the third quarter, the business activity was at record levels in results with all our properties operating and serving guests.

Total revenues increased by 55.4% to HRK 591.0 million (2021: HRK 380.2 million). The increase in accommodation revenue by 54.7% is the result of a 29.7% increase in rooms sold. Average daily rate increased by 19.3% and amounted to HRK 699.3 (2021: HRK 586.3) while occupancy increased by 745.6 bps to 46.3%.

EBITDA was positive amounting to HRK 230.9 million (2021: HRK 159.6 million).

Despite the strong increase in revenues, EBITDA was additionally affected, and our profitability lowered mainly due to increased expenses such as utilities and food expenses. The increase in payroll expenses is a result of recruiting a higher number of employees required to deliver service during normalising peak summer season. This also increased other payroll benefits such as recruitment costs, employee meals, accommodation and transportation along with employee training expenses. This is in part the result of an increased share of

international employees. Additionally, during the first nine months, we have recognised some one-off expenses connected with the launch of the new Grand Hotel Brioni.

## GERMANY

Generally, market conditions in Germany have significantly improved in third quarter, resulting in very positive booking trends. In period July – September we have operated four hotels and achieved an occupancy of 67% and an ADR of HRK 1.045 which is 36% above same period 2019. Results in September 2022 are supported by strong fair's in Berlin (IFA, Inotrans) and in Nuremberg (GalaBau). This uplift in occupancy with a sustained high average daily rates is a sign of recovered confidence in travel and tourism in the country.

The profitability is adversely affected by the increasing payroll expenses and higher inflation related cost of acquiring goods and services.

For this region the total revenues during the period increased significantly by 251.1% to HRK 109.2 million (2021: HRK 31.1 million). Accommodation revenues increased by 268.2% to HRK 93.9 million (2021: HRK 25.5 million) driven by a 51.8% increase in average daily rate to HRK 956.4 (2021: HRK 630.1) and an increase in occupancy of 2,962.4 bps to 50.4% (2021: 20.8%).

EBITDA was positive and improved significantly to HRK 43.6 million (2021: HRK 7.1 million) mostly due to the increase in business activity but also due to the government's grants for both payroll costs as well as operating expenses. Total grants recorded for the nine months amounted to HRK 21.7 million.

## CEE REGION (Hungary, Serbia, Austria)

Our CEE operating region, which consists of Hungary, Serbia and Austria, reported an increase in business activities in the nine months primarily as the result of the integration of the Arena Franz Ferdinand hotel in Nassfeld, Austria. This hotel had a solid performance reaching occupancy of 58.3%. The hotel closed on September 18th for a second phase of renovation works and is planned to reopen in the second week of December when the winter season starts.

art'otel budapest reopened on June 15th after an extensive redesign and with all public areas renovated to a upper upscale standard. During period July – September hotel was not operating at its full capacity.

Arena 88 rooms, Belgrade stayed opened throughout the year. During July – September period hotel reached the solid occupancy of 47% and on year-to-date level gained the ADR of HRK 402.

For this region total revenues significantly increased to HRK 33.9 million compared to HRK 1.8 million in last year. Average daily rate amounted to HRK 806.5 while occupancy was 30.0% compared to 4.6% same period last year.

EBITDA was positive, amounting to HRK 0.3 million. The Government's grants in Austria amounted to HRK 0.6 million.

On a like-for-like basis (excluding Arena Franz Ferdinand hotel and art'otel budapest from 2022), revenues increased from HRK 1.5 million to HRK 4.9 million, mostly as a result of the improved performance of our hotel in Belgrade compared to last year with the occupancy of 36.0% compared to 20.6% in 2021.

Like-for-like EBITDA remained negative HRK 0.5 million compared to negative HRK 1.1 in last year.

## Development Pipeline

### Arena Franz Ferdinand, Nassfeld Austria

The Group plans to invest HRK 22 million to extend the wellness facilities, create an outdoor swimming pool and upgrade the bedrooms and public areas. The second phase of renovation started in the second half of September after a solid summer season performance. The planned project completion is December 2022 and

will result in the repositioning of the hotel as an upscale leisure resort, with extended operating opportunities during the winter and summer seasons.

Arena Franz Ferdinand

## Conversion project in Zagreb

Development of this upper upscale lifestyle hotel in Zagreb city centre commenced in autumn 2021. This project involves the conversion of an iconic building in a prime location in the historic heart of the city. Once opened, this 118-room hotel will include a destination restaurant and bar, wellness and spa facilities, fitness centre, event space and parking. The hotel will also feature the first and only roof top swimming pool and bar in Zagreb offering guests striking views of the city.

Whilst the project is progressing without any underlying construction or structural issues, the supply chain related delays and complications are adversely impacting the work schedule. As a result, the project is planned to complete in Q2 2023.

## Arena Stoja Campsite, Pula

Following completion of the phase one renovation in the first half of 2022, the phase two repositioning of the Arena Stoja Campsite (estimated at HRK 20 million), is expected to commence in November. This phase two includes a new arrival and entrance area for the campsite, an extensive renovation of its main restaurant and coffee shop along with major infrastructure upgrades further strengthening the campsite's offering and customer appeal.

## DOING BUSINESS RESPONSIBLY

The Supervisory Board of the Company established the Sustainability Committee with the purpose of further strengthening the Company in creation and implementation of the strategy on sustainable business practice in the future.

The Group continues its commitment to supporting and making a positive contribution to the communities in which it develops, owns, and operates hotels, resorts, and campsites.

### Supporting the community

In Q3, Arena Hospitality Group continued with its tradition of supporting selected cultural and sports events aiming to promote the Group's main market.

Traditionally, in July, the Group supported the 10th edition of ISFMF -International Sound & Film Music Festival, which took place in Pula Amphitheatre. The festival's culmination was the screening of one of the most significant historical films, Ridley Scott's *Gladiator*, and awarding Mr Scott Millan ISFMF Lifetime Achievement Award. As part of the support to ISFMF, the Group had the pleasure to host the four-time Oscar® winning re-recording mixer, Scott Millan, at the newly opened Grand Hotel Brioni Pula, A Radisson Collection Hotel.

In cooperation with the Tourist Board of Istria, the Group's Grand Hotel Brioni Pula, A Radisson Collection Hotel, was the proud host of the captains, players and management of the Legends Team Cup. The tournament, held for the first time in the world, started in Pula, following the finals in Dubai. Famous names like Ivan Lendl and Pat Cash have ensured that tennis matches were broadcast worldwide and were an excellent promotion of Pula and Istria.

The Group supported "Trka na prstenac" in Barban, a knight's game that is part of Istria's cultural heritage and tradition but also represents an exciting tourist attraction.

In Q3, the Group was a partner of the Pula Marathon and the Visualia light festival, which brought many visitors from the region to Pula in mid-September.

Furthermore, the Group has continued with initiatives to support sports clubs and associations in the domain of culture, including the Pula Swimming Club, the Medulin Athletics Club, Fight Nation Championship, Backstage Live Jazz Festival, PUF (Pula Street Art Festival), among other.

To support the firefighters fighting many fires during the summer, the Group donated the nutrients they needed to perform their daily duties more efficiently.

### Sustainable Operations with Green Key

Arena Hospitality Group strives to promote sustainable development in societies in which we mark our footprint with our environmental, social and governance practices. We understand sustainable development as ensuring a healthy environment for present and future generations. For that reason, the company has decided to join the Green Key initiative. Green Key is awarded to tourist facilities that meet ecological and social sustainability criteria in 13 different areas. The Company aims to obtain the Green Key certificates for all of its properties by the end of 2022, whereby by July 2022 all of its German operations were already awarded with the respective certificates. Austrian, Croatian and Serbian operations will follow.

**Green Key**

## CURRENT TRADING AND OUTLOOK

Trading since 30 September 2022 is in line with expectations across all of our operating regions. The fourth quarter of the year is usually a strong quarter in Germany, Hungary and Serbia whilst the Croatian operations are closing down for a period of preventative maintenance following the peak summer season. The winter season in Austria will start at the beginning of December.

Across the Group, the current impact of the conflict in Ukraine on our business performance is minimal and the share of Russian and Ukrainian customers was approximately 2% of Group's total number of guests.

We will continue to progress our committed investment projects in Croatia and Austria, prepare for investments in our German operations and explore new expansion opportunities in Croatia and Central and Eastern Europe.

We are well positioned to benefit from the continued recovery in our markets and we are encouraged by the demand and activity seen across the portfolio. We remain positive about this renewed momentum in the travel and tourism industry and given our newly refurbished and repositioned products we expect strong growth over the coming years.

RELI SLONIM, PRESIDENT OF THE MANAGEMENT BOARD

Total revenues increased by 78.3% to HRK 739.6 million (2021: HRK 414.9 million). Accommodation revenue increased by 76.0% to HRK 620.3 million (2021: HRK 352.5 million) whereby occupancy increased by 1,038.1 bps to 45.9% and the average daily rate increased by 24.5% to HRK 732.7 (2021: HRK 588.4).

EBITDA increased for 69.0% and amounted to HRK 274.6 million (2021: HRK 162.5 million) mainly due to higher business activity and government grants received in Germany.

The Group continued to utilise government support in our German and Austrian operations. Total Government’s support for payroll costs amounted to HRK 1.5 million (2021: HRK 32.6 million) while support for operating expenses amounted to HRK 21.2 million for the period January – September 2022 (2021: HRK 17.0 million).

Moreover, the Group is focussed on preserving its liquidity and sustainability by further optimising its costs. Importantly, the Group’s cash position is liquid, and it has a cash position of HRK 410.0 million, which is providing an additional safety net in the currently uncertain and unpredictable environment.

## CROATIAN PORTFOLIO PERFORMANCE

The following table sets out the results for the Group's operations in Croatia for the nine months of 2022:

### KEY PERFORMANCE INDICATORS

<sup>1</sup> Like-for-like comparison figures for 2022 exclude performance of Grand Hotel Brioni Pula.

<sup>2</sup> Rooms available and occupancy are based on operating days.

<sup>4</sup> Average daily rate represents total accommodation revenues divided by the total number of paid units occupied by guests.

<sup>5</sup> The FTE number is an estimate based on the total hours paid for all employees divided by the hours paid for an average full-time employee to arrive at a total for Full Time Equivalent Employees.

Total revenue generated for the nine months of 2022 was 55.4% higher than in last year and even 18% above recorded 2019. This increase is driven by increased RevPAR together with an increased number of accommodations sold.

ADR was 19.3% above last year, due to an increased ADR in all accommodation types but a different split in segments also had significant impact on this increase (this year we have a much higher proportion of hotels in total revenues while last year's total revenue was mainly driven by campsite revenues which have much lower ADR compared to other segments).

EBITDA profit increased to 230.9 million (2021: HRK 159.6 million). Increased utility expense, cost of food and payroll increase had a negative impact on our profitability. Furthermore, comparing with last year we have not received any government grants (2021: HRK 14.0 million).

On like-for-like basis, EBITDA profit was HRK 232.6 million, which is a slight increase with Grand Hotel Brioni launching later in the year than initially expected. The Group has gradually developed occupancy while successfully focusing on its rate-led strategy. As a result of this opening period, the hotel's fixed cost base including committed payroll is having an adverse impact on the bottom line.

Accommodation revenue increased by 268.2% to HRK 93.9 million (2021: HRK 25.5 million) whereby average daily rate increased by 51.8% to HRK 956.4 and occupancy increased by 2,962.4 bps to 50.4% (2021: 20.8%). This resulted in RevPAR significantly increased by 268.3% to HRK 481.9 (2021: HRK 130.8).

Reported EBITDA experienced a significant increase and amounting to HRK 43.6 million (2021: HRK 7.1 million).

The Government measures reduced the payroll expenses by HRK 0.5 million and operating expenses by HRK 21.2 million during January - September period.

Looking ahead, our profitability for the coming months is expected to be affected by the increasing operating cost, utilities and payroll caused by the high inflation and collective labour agreements. The German Government has announced a cap for gas and electricity cost to support small and midsized businesses, but full details of such support measurement have not been made available as yet.

Total operating income increased by 78.3% to HRK 739.6 million (2021: HRK 414.9 million) as a result of outstanding business activity across our regions and recovery of the tourism industry from the pandemic. Total operating expenses increased by 84.3% to HRK 465.0 million (2021: HRK 252.3 million) due to increased business activity.

As a result of the aforementioned, EBITDA profit from operations amounted to HRK 274.6 million (2021: HRK 162.6 million). EBIT profit from operations amounted to HRK 190.4 million (2021: HRK 85.1 million). Depreciation increased by 8.6% to HRK 84.2 million (2021: HRK 77.5 million), as a result of investments in this and the previous year.

Financial revenues amounted to HRK 1.0 million (2021: HRK 2.4 million) while financial expenses increased to HRK 46.6 million (2021: HRK 17.6 million), mostly as a result of foreign exchange differences expense while in previous year foreign exchange differences had positive impact.

Other expense amounted to HRK 12.3 million and relates predominantly to preopening expenses of hotels that were under refurbishment works (art'otel Budapest and Grand Hotel Brioni).

As a result of the foregoing the consolidated Profit before tax increased to HRK 134.0 million (2021: HRK 72.9 million).

Profit after tax amounted to HRK 132.7 million (2021: HRK 69.6 million).

<b>Total equity and liabilities</b>	<b>3,496.3</b>	<b>3,336.3</b>	<b>4.8</b>

Long-term assets increased by HRK 107.7 million to HRK 3,004.0 million (year-end 2021: HRK 2,896.3 million) mostly as a result of investments.

Short-term assets increased by HRK 52.3 million to HRK 492.3 million (year-end 2021: HRK 440.0 million) predominantly driven by the increase in the Group's cash position. The cash position stood at HRK 410.0 million.

Long-term liabilities and provisions decreased by HRK 18.3 million to HRK 1,465.9 million (year-end 2021: HRK 1,484.2 million) mostly due to repayment of bank loans and decrease in financial lease obligation.

In February the Group signed an amendment to the lease agreement for the new hotel in Zagreb. Based on the amendment, due to the circumstances caused by the COVID-19 pandemic and the earthquake that hit the Zagreb area and their impact on the reconstruction, there was waiver received, exempting from paying the part of the Annual Fee for the year of 2023, and paying only the amount of EUR 43,000 in the name of the Annual Fee for 2023. Original Annual fee was EUR 430,000. Since reduction in lease payments affects only payments due after June 2022, the practical expedient from IFRS 16 could not be applied, and waived amount reduced amount of Right of use assets.

Short-term liabilities increased by HRK 30.0 million to HRK 313.1 million (year-end 2021: HRK 283.1 million) mostly due to increased trade payables.

## **PRINCIPAL RISKS OF THE GROUP AND THE COMPANY**

Our principal risks and uncertainties are set out in the Company's financial statements for the year ended 31 December 2021. We continually assess and monitor our changing risk management environment.

We are aware of the emerging threats associated with unusually high inflation, fluctuations in currency rates and the conflict in Ukraine.

High inflation is impacting the current cost of procuring goods and services, which is difficult to mitigate. The recent event in Eastern Europe is also increasing the price of fuel and energy. All of these are putting pressure on financial performance. These changes are being viewed in short to medium term, however difficult to assess the lasting effects of these economic developments. These cost increases are being recouped and reflected in customer pricing for the foreseeable future.

The group continues to procure and spend in the currency of its income as much as possible therefore the impact of currency fluctuations is minimised to a great deal.

Whilst the supply chain disruption continues, we are not experiencing any major issues that impact our ability to serve our customers effectively and we are able to deliver quality service as usual.

The two financing loans taken in 2022 were at a very competitive fixed interest rates in line with our expectations therefore we have not experienced adverse interest rates situation as majority of our interest rates are fixed rates.

The Company faces risks which are common to the tourism and travel industry. These risks include the COVID-19 pandemic, the related containment and social distancing strategies of local and intentional governments to control the pandemic and the ongoing impact of climate change on tourism.

The most significant of these risks at the moment relate to factors that are common to the hotel industry and beyond the Company's control. Notwithstanding the limited control the Company has over these risks, continuous efforts are taken to ensure the Company can utilise resources and assets to act with agility and continue to attract revenue sources under strained market conditions. Additionally, the Company is well positioned to weather these risks in a socially responsible manner through cost rationalisation and prioritising commercial activities which benefit the long-term interests of the Company and its stakeholders.

For a detailed discussion of the risks facing the Group, please refer to pages from 24 to 30 of the Company's 2021 annual report.
